Arkansas Department of Environmental Quality/Quality Assurance Project Plan: U.S. Environmental Protection Agency (Region 6) Approval

Arkansas Environmental, Energy, and Water Law Blog

11/11/2016

The Region 6 Office of United States Environmental Protection Agency (“EPA”) has notified the Arkansas Department of Environmental Quality (“ADEQ”) that it has approved the previously submitted:

Quality Assurance Project Plan (“QAPP”)

The QAPP is titled *Air Emissions Reporting Requirements for the 2016 National Emissions Inventory, Q-TRAK No. 17-037*.

EPA requires agencies performing environmental data operations to submit QAPPs. See Order 5360.1 *Policy and Program Requirements to Implement the Mandatory Quality Assurance Program*.

ADEQ’s submission outlined its plans and protocols for performance of data collection and management activities supporting the compilation and submittal of emissions inventory data for the 2016 National Emissions Inventory.

[A copy of the EPA approval and related documents \(including an ADEQ Office of Air Quality personnel chart\) can be downloaded here.](#)
