Pollution Prevention and Lean Principles Training: Arkansas Department of Environmental Quality Announces July 31-August 1 Training Opportunity

05/29/2018

The Arkansas Department of Environmental Quality (“ADEQ”) has announced a training opportunity titled:

Pollution Prevention and Lean Principles Training (“Training”)

ADEQ states that the *Training* will take place at the Cox Center, Little Rock Public Library, 120 River Market Avenue, Little Rock, Arkansas, on July 31-August 1 through a partnership with the Environmental Training Institute.

ADEQ states that attendees will have the opportunity to “learn methods to improve efficiency, reduce costs, and increase the bottom line” for a business.

The workshop is stated to include:

- Case studies from industry
- Interactive sessions on the use of Lean business practices
- Overview of environmental management systems, including updates on ISO 14001
- How to benchmark effectiveness

The presentation will be undertaken by Thomas Vinson of the Environmental Training Institute.

A flyer describing the seminar and registration details can be found [here](#).
