## Navigate the complex patent process with our dedicated patent team.

When it's time to consider a patent, inventors and innovators face one of the most complicated – and costly – challenges yet. Fortunately, Mitchell Williams guides clients every step of the way, with a team led by a registered full-time patent attorney. We also provide experienced patent enforcement and litigation services to protect your hard-earned assets.

Patent law is a niche area of legal practice. We serve clients all throughout the United States – ranging from innovative companies, startups, individuals, businesses and corporate entities – often more efficiently and cost-effectively than firms traditionally located on the East Coast.

## HIGHLIGHTS

- Registered full-time patent attorney
- Able to serve clients in all 50 states
- Experienced patent law and personalized service
- Exceptional value
- Part of a comprehensive Intellectual Property practice working closely with Mitchell Williams' investment, tax, data rights, regulatory and employment teams
