Flood Risk Analysis/Watershed Management Projects: Request for Qualifications/Arkansas Department of Agriculture Natural Resource's Division Solicitation for Professional Engineering Services

02/24/2020

The Arkansas Department of Agriculture Natural Resources Division ("NRD") has issued a Request for Qualifications for:

Professional Engineering Services for Flood Risk Analysis and Watershed Management Planning ("RFQ")

See 455-RFQ-2001.

NRD states that it is soliciting responses from qualified consultants to obtain engineering support for the purpose of:

1. Executing flood risk analysis and digital hazard mapping
2. Development of Environmental Protection Agency nine-element watershed management plans
3. SWAT model development for EPA nine-element watershed management plans

NRD states a detailed RFQ package will be provided to "interested parties" outlining submittal requirements and selection methodology.

The RFQ addresses associated issues such as:

- Scope of Services Requested
- Proposed Schedule of Events
- Written Qualifications Submission Guidelines
- Evaluation of Responses and Selection Criteria
- Selection of Consultants for Interviews
- Oral Presentations and Interview
- Selection of Consultant for Negotiations

The submittal deadline is 2:00 p.m. on March 13th.

A copy of the RFQ can be downloaded [here](#).
