As noted in a previous blog post, Arkansas operates a petroleum storage tank trust fund that provides reimbursement for eligible storage tanks that suffer corrective action requirements and third party damage claims due to a release of petroleum.

The Advisory Committee on Petroleum Storage Tanks meets monthly at the Arkansas Department of Environmental Quality to review reimbursement claims.

The next meeting of the Advisory Committee will be March 25, 2020, at 9:00 a.m. by teleconference because of Coronavirus 2019. Call-In information is below:
