In response to the COVID-19 pandemic, the Texas Governor's Business and Community Development Division has published helpful [frequently asked questions](#) for local small businesses and community economic development partners to address issues such as tax payment, employer inquiries including self-employment, and small business loans. Information on Federal and State of Texas resources is included in the FAQs.

Information is also provided here on the [Paycheck Protection Program](#), [assistance for non-profits](#), and [Main Street Lending Program](#).
