Trinity Consultants announced it will hold a seminar on September 10th titled:

*Air Quality Permitting in Arkansas ("Seminar")*

The Seminar will be held in Little Rock, Arkansas.

The Seminar is focused on federal and Arkansas Clean Air Act issues. The topics are stated to include:

- Basics of air pollution emissions and controls
- Special federal EPA air pollution regulations, such as New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP/MACT/GACT) rules
- Arkansas air permitting regulations and practices, including recent changes
- Permitting strategies and emissions calculations
- Tips for surviving ADEQ inspections and staying in compliance

The instructors for the Seminar will be Jesslynn Hale and Courtney Garland.
