09/16/2020

An interactive webinar will be held on September 24th titled:

Arkansas Water Laws and Regulations ("Webinar")

The Webinar will address a number of topics related to federal and Arkansas water quantity and water quality issues.

Components of the Webinar will include:

- Development of Water Laws: Quantity and Usage
- Understanding Arkansas Groundwater Rights
- Complying with Water Quality Laws and Regulations
- Transfer/Sale of Water/Water Project Development Issues
- Financing Water/Wastewater Projects
- Water Ethics – Environmental Context

The presentations will be undertaken by:

- Edward Swaim, Bayou Meto Water Management District, Executive Director (former Chief of the Water Management Division of the Arkansas Natural Resources Commission)
- Jordan Wimpy, Mitchell Williams Law Firm
- Walter Wright, Mitchell Williams Law Firm
- Michele Allgood, Mitchell Williams Law Firm
- John Bryant, Mitchell Williams Law Firm
- Stuart Spencer, Mitchell Williams Law Firm

The Webinar has been approved by the Arkansas CLE Board for 5.5 general CLE hours and 1.0 ethics hours for a total of 6.5 CLE hours for attorneys. Further, the program is stated to offer 6.5 PDHs to Arkansas Professional Engineers to whom the subject matter is professionally relevant. In addition, the Webinar is stated to be approved for CM 6.5 for Certified Planners by the American Institute of Certified Planners of the American Planning Association.
