As noted in a previous blog post, Arkansas operates a petroleum storage tank trust fund that provides reimbursement for eligible storage tanks that suffer corrective action requirements and third party damage claims due to a release of petroleum.

The Advisory Committee on Petroleum Storage Tanks meets monthly at the Arkansas Department of Energy and Environment – Division of Environmental Quality to review reimbursement claims.

The next meeting of the Advisory Committee will be June 30th at 9:00 a.m. The meeting will be an in-person meeting. It will be held in Conference Room 1E09 at the Arkansas Department of Environmental Quality located at 5301 Northshore Dr., North Little Rock, Arkansas.
