## Native Plants for Erosion Control/Environmental Cleanup - South Central Chapter/International Erosion Control Association: Eric Fuselier (Crafton Tull) Northwest Arkansas Area Zoom Presentation

08/24/2021

Mr. Eric Fuselier, PWS, will undertake a Zoom presentation today from 11:30 a.m. to 1:00 p.m. titled: *Native Plants for Erosion Control and Environmental Cleanup ("Presentation")*

Mr. Fuselier is an Environmental Project Manager at Crafton Tull.

The Presentation is sponsored by the Northwest Arkansas Area International Erosion Control Association (South Central Chapter).

The program description states that Mr. Fuselier will address:

. . . techniques for using native plants to reduce erosion, and for removing and transforming environmental contaminants in order to improve soil and water quality.

The bio for Mr. Fuselier provides a background of his work which includes:

- Assisting civil engineers and landscape architects to select native plant species for rain gardens, bioswales, detention ponds, etc.
- President of the Arkansas Native Plant Association
- National Board for Wild Ones: Native Plants, Natural Landscapes

Registration information can be found [here](#) and a flyer [here](#).
