01/06/2022

The Arkansas Environmental Federation (“AEF”) is presenting a virtual Energy Transitions Workshop (“Workshop”) by Jim Wimberly.

Mr. Wimberly serves as Senior Vice President, Energy and Economics, at Energy Security Partners, LLC (“ESP”) which is based in Little Rock, Arkansas.

ESP is a developer of commercial-scale natural gas to liquids projects in North America.

AEF states that Mr. Wimberly will take:

. . . a deep dive into Energy Transitions, building upon his presentation at AEF’s 54th Annual Convention.

However, AEF states that attending the previous presentation is not a prerequisite for attending the Workshop.

The Workshop will be held from 10:00-1:00 p.m. on February 10th.

A link to registration can be found [here](#).
