The Beaver Watersheds Alliance (“BWA”) announced it will hold a Zoom presentation titled:

Beaver Lake Watershed Metrics Development (“Presentation”)

The Zoom Presentation will take place on February 17th from 12:00 noon to 1:00 PM (CST).

BWA states that a panel of guest speakers will include:

- Dr. Sarah E. Lewis, University of Arkansas
- Dr. Brian Haggard
- Erin Grantz

The guest speakers and BWA Executive Director Becky Roark are slated to present the draft metrics and answer questions.

BWA states that:

Identifying key metrics of success for the Beaver Lake Watershed Protection Strategy will not only help to achieve and support an adaptive management approach in watershed activities but will also provide a framework for other groups looking to achieve similar goals. In addition, watershed success metrics can help bring together science with decision-making, to advance a watershed-based management approach.

The Zoom Presentation is free but registration is required. To register [click here](#) or visit <https://protect-us.mimecast.com/s/JHURC3198qcm4X10SghgZd?domain=us02web.zoom.us>.
