# Expansion of Climate-Smart Agriculture/Forestry Mitigation Activities/FY24 Conservation Opportunities: October 25th U.S. Department of Agriculture Webinar

10/24/2023

The United States Department of Agriculture's Natural Resource Conservation Service ("NRCS") scheduled a webinar for October 25th titled:

*Expansion of Climate-Smart Agriculture and Forestry Mitigation Activities and other FY24 Conservation Opportunities ("Webinar")*

The *Webinar* will be held at 2:00 p.m. eastern time.

The *Webinar* will address what NRCS describes as:

. . . the newly expanded list of Climate-Smart Agriculture and Forestry Mitigation Activities available for Inflation Reduction Act funding through conservation programs offered by USDA. . .

There will be an additional discussion addressing:

- Inflation Reduction Act and Farm Bill assistance
- Efforts to streamline and improve programs for fiscal year 2024

The Inflation Reduction Act is scheduled to provide an additional \$19.5 billion from 2023 to 2027 to support climate change mitigation practices through the United States Department of Agriculture's conservation programs.

Examples of such programs include:

- Agricultural Conservation Easement Program
- Conservation Stewardship Program
- Conservation Reserve Program
- Environmental Quality Incentives Program
- Conservation Innovation Grants
- Regional Conservation Partnership Program
- Climate-Smart Agricultural and Nutrient Management

*Webinar* attendees are provided the opportunity to submit questions prior to the session during registration.

Registration information can be found [here](#).
