Russell McLaren recently rejoined Alliance Technical Group (“Alliance”) (formerly, GBMc & Associates) in their Little Rock, Arkansas Office.

Russell had previously spent the past ten years at Entergy with various environmental service responsibilities.

Russell was previously a founding member of GBMc & Associates (“GBMc”) in 1996. He served as a Senior Project Manager at GBMc, handling Clean Water Act National Pollutant Discharge Elimination System (“NPDES”) permit application preparation, drafting permit comment preparation, agency coordination, water quality studies, and a variety of other activities such as evaluation of SWPPP and SPCC plans.

Alliance acquired GBMc in 2022.

Russell’s positions at Entergy included:

- Environmental Services Manager in Arkansas and Mississippi.
- Environmental Services Manager in Texas and Mississippi.
- Interim Environmental Director.
- Environmental Services Manager in Arkansas.
- Senior Analyst and State Water Lead.

Education and professional affiliations include:

- BS in Environmental Health and Sciences, University of Arkansas at Little Rock.
- Basic Environmental Wastewater Treatment Operator License.
- Arkansas Environmental Federation Water Quality Committee.
- Arkansas Environmental Federation Board Member.
