The Arkansas Pollution Control and Ecology Commission (“Commission”) is the environmental policy-making body for Arkansas.

The Commission, with certain exceptions, meets on a monthly basis. The Commission issued a notice stating:

...Because there is nothing proposed for this month’s agenda for you to vote on, and the fact that the 2025 General Assembly Regular Session is underway, Chairman Eckert decided to cancel this month’s PC&E Commission meeting.

Therefore, the Commission will meet Friday, February 28th, in the Commission Room located at the Arkansas Department of Energy and Environment Headquarters, 5301 Northshore Drive, North Little Rock, Arkansas.

We will post a reminder next month along with the agenda to the February meeting when it is published.
