01/19/2018

Trinity Consultants will be holding an Air Quality Permitting Seminar which addresses Arkansas facilities on February 22nd.

The seminar will be held in Little Rock, Arkansas.

The seminar is a one-day class and topics will include:

- Basics of air pollution emissions and controls
- Special federal United States Environmental Protection Agency regulations such as Clean Air Act New Source Performance Standards and National Emission Standards for Hazardous Air Pollutants (MACT) rules
- Arkansas air permitting regulations and practices, including recent changes
- Permitting strategies and emissions calculations
- Tips for surviving Arkansas Department of Environmental Quality inspections and staying in compliance.

Instructors will include Shannon Lynn, P.E., and Courtney /Garland, P.E.
