

ATTENTION GENERATORS

The 2022 Annual Report module in RCRAInfo is now open to start capturing data. Information can be entered for the 2022 Annual Hazardous Waste Report; however, submittals will not be allowed until after January 1, 2023.

WHO IS REQUIRED TO REPORT?

- Any facility that was a fully-regulated Large Quantity Generator (LQG) or Small Quantity Generator (SQG) during any month.
- Any facility that treated, stored or disposed of RCRA hazardous wastes on-site in a waste management unit subject to RCRA permitting requirements.
- Sites that are on file with DEQ as a LQG or SQG.

HOW TO FILE

DEQ requires hazardous waste generators to use the RCRAInfo Annual Report (AR) module to submit the report. You can access RCRAInfo and instructions in the links below.

RCRAInfo: <https://rcrainfo.epa.gov/rcrainfoprod/action/secured/login>

Instructions: <https://www.adeg.state.ar.us/hazwaste/programs/reports/ers.aspx>

If you have any questions, please contact Rita Spakes at (501) 682-0595 or via email at <mailto:Rita.Spakes@adeq.state.ar.us>.
