

[111(d) Workgroup] Affordable Clean Energy Rule--Arkansas Stakeholder Meeting

The Department of Energy and Environment, Division of Environmental Quality (DEQ), will hold a stakeholder meeting on October 24, 2019, beginning at 1:00 p.m (Central Time). The meeting will take place in the Commission Room at DEQ headquarters, 5301 Northshore Drive in North Little Rock. Agenda items for the meeting include an opportunity to provide an overview of the requirements and process for development of a state plan to comply with the Affordable Clean Energy Rule, as well as, accepting comments on that process.

The meeting will be live streamed on Zoom. To call in to the meeting, dial +1 877-369-0926. The meeting ID is 894036506.

The meeting can also be viewed from any internet browser at <https://zoom.us/j/894036506>.

The Affordable Clean Energy Rule sets emission guidelines for state plans that are narrowly tailored toward in-the-fence-line measures that can be taken to reduce carbon dioxide emissions from coal-fired power plants.

A copy of EPA's final rule can be accessed here:
