**Fast Facts:**

- Dr. Bob Morgan receives Beaver Lake Watershed Guardian Award
- Award honors exceptional stewardship practices taking place in the Beaver Watershed

Dr. Bob Morgan recognized as Beaver Lake Watershed Guardian (214 words)

Dr. Bob Morgan of the United States Endowment for Forestry and Communities (the Endowment) was recently recognized as a Beaver Lake Watershed Guardian for his long-term involvement, support, and technical assistance in the voluntary protection of Beaver Lake, Northwest Arkansas' source of drinking water.

The Watershed Guardian Award program is a stewardship recognition effort carried out by the Beaver Watershed Alliance to recognize individuals, businesses, organizations, and agencies in the Beaver Lake Watershed community who have demonstrated, supported, or achieved water quality protection efforts within the watershed.

Dr. Morgan was recognized for his work in the establishment of the Source Water Protection program at Beaver Water District which helps increase the safety and longevity of Beaver Lake, water supply for Northwest Arkansas. Dr. Morgan's volunteer participation in countless watershed stewardship programs, his service as a founding member of the Beaver Watershed Alliance Board of Directors, and his efforts in the development of the voluntary Beaver Lake Watershed Protection Strategy are just a few of his notable accomplishments over the past decade.

The Beaver Watershed Alliance is a non-profit organization focused on maintaining high quality drinking water in Beaver Lake and improving water quality within the Beaver Lake Watershed. For more information about how you can help protect water quality, visit www.beaverwatershedalliance.org or call 479-750-8007.
