

Snap Shot Reporting Document

for

Projects, Programs, Initiatives and Activities related to

Water Quality Improvement

or

Nonpoint Source Pollution Reduction, Control or Abatement

The Arkansas Natural Resources Commission (ANRC), in cooperation with the University of Arkansas Division of Agriculture Public Policy Center, is soliciting information of Water Quality Activities (WQAs) that have maintained or enhanced water quality, or reduced, controlled, or abated non point source pollution. These WQAs may come from State and Federal Agencies, non-governmental organizations (NGOs), conservation districts (CDs), or other groups around the state.

The information being requested is for the referenced **period of October 01, 2016 through September 30, 2017**. The ANRC NPS Program has elected to utilize the MS WORD document format (2007 or newer). We are asking for specific information (see page 2), but are also giving the writer / submitter the opportunity to provide additional information to better describe the WQAs, as they deem appropriate. Each individual completed Snap Shot Reporting document must be submitted separately by e-mail. Each Snap Shot Reporting document should be an **attachment** to an e-mail and submitted by **December 01, 2017**, or before. Snap Shot Reporting documents submitted after December 01, 2017 will not be included in the 2017 NPS Annual Report.

The NPS Program appreciates your cooperation in this request and sincerely extends a **THANK YOU** for your dedication and ongoing commitment to improve water quality.

General directions and the list of the specific information requested are provided below:

- 1.** Each Snap Shot Reporting document(s) you will be developing should be given a unique name, number or identifier.
